I. One period of Paris Commune Type Model Party

I mean first there is the
Communard, he then bewilders and
loses his way like a Blanqui figure
and is filled with spectres, till the
economic Gotha is addressed for his
success.

II. Wild Blanquism – the Failure and Tragedy of Blanqui

I mean Blanqui can be seen as tragic
if he is not a Communist leader of a
simple trade union only.

III. Trade Union and Peasant Assemblies – that is all for a leader

I mean only trade unionism.
